

DISARM TRIDENT

**RESIST, PROTEST,
DISRUPT
BURGHFIELD NUCLEAR
BOMB FACTORY**

**SOUTHERN REGION DAY OF ACTION
Tuesday 14th June**

On **Tuesday 14th June**, peace groups from the Southern Region will gather at Atomic Weapons Establishment Burghfield to have nonviolent demonstrations and actions against the construction of nuclear weapons at this site.

They will be campaigners from Oxfordshire, Milton Keynes, Berkshire, Wiltshire, and Hampshire.

AWE BURGHFIELD

AWE Burghfield is the assembly / disassembly site for the Trident nuclear warheads. Armed convoys transport the warheads between AWE Burghfield and Coulport near the Faslane submarine base. Enormous amounts of money are being spent already to update these facilities. There will be a vote in Parliament this year to decide whether to replace Trident. The latest cost estimate to replace Trident is a staggering £167billion.
