SEE NUCLEAR WEAPONS

They're vile and stupid and costly

We want to do our bit for global disarmament

So we told them about it

We blockaded Faslane

We took to the streets

We elected an anti-Trident Scottish Parliament

We elected anti-Trident MPs

We shook a saltire at the big demo

AND THEY STILL HAVEN'T PAID US ANY ATTENTION

So now we are heading for Berkshire for 7th June

For the Scottish Day in

The Month of Peaceful Direct Action

Against the nuclear weapon assembly plant

At Burghfield where people from all over the UK

And beyond will be doing their best to put

A GENTLE SPANNER IN THE WORKS
