

# FAST 2016

**Hiroshima & Nagasaki Days  
6 to 9 August 2016, London**

## Join the fast

### A national urgency An international fast

To the UK government & people:

**No Trident replacement!**

To all nations & their peoples:

**Abolish all nuclear weapons!**

Anti-nuclear campaigners, around the world, fast every year between the dates of the droppings of the atomic bombs in Japan: 6th August (Hiroshima) and 9th August, (Nagasaki).

This is a powerful moment for those who fast; a reflective time; a moving expression of sorrow and remorse; a non-violent protest.
